

# Kohler Generators

If the past few years are any indication, the weather has been getting more and more volatile. There isn't much that you can do to affect Mother Nature's mood swings but you can prepare. Why not invest in the generator that the National Weather Service trusts to keep their remote stations operating during power outages? The same home generators that the National Oceanic and Atmospheric Administration use and trust. The answer to Mother Nature's mood swings...KOHLER home generators.
